THE IDEA OF A ROAD RACE HERE MAY BE ABANDONED.

Palk of All the Assectated Overnheatless Vott. ing to Make the Milibura Rvent the Greatest Ever Held in the East—L. A. W. Officials

Watching Secession Movements - Gossip The action of the Park Commissioners yesterday in declining to allow the Associated Cycling. Clubs of New York to hold a road race on Riverside Drive was a surprise. The Race Committee felt confident that it would receive the board's consent, and now that the decision is adverse to the project the committee is somewhat undecided what steps to take. A meeting will be held at the Imperial Hotel to-morrow night, when the question of holding a road race in this city or its suburbs will be discussed Some members of the committee will advise the abandonment of the idea of a race here, and cooperate with all the associated organizations, so as to make the Miliburn event the greatest affair ever held in the East. It is likely that this suggestion will prevail.

President Potter and Chairman Albert Mott eld a consultation on Sunday and decided to take steps to expel all members of the L. A. W. identified with secession movements in the West. In order to place the racing interests of the league in good hands President Potter has appointed H. S. Dixon of Dixon, Ill., Chairman of the Illinois Racing Board, a member of the National Racing Board, to succeed Fred Gerlach of Chicago, who declined a reappointment. The subership of the board is now complete. The call that has been issued for a meeting of wheelmen to be held in St. Louis this month, with the object of forming an independent organization for the control of bicycling, is now under investigation, and it is likely that some persons identified with the movement will be brought up before the officers of the L. A. W. It has been desided to issue instructions to the chief consuls of all the divisions to keep the executive officers of the League informed on all secession plans.

The New York County Wheelmen will hold a century run from Jamaica to Patchogue on next Sunday. The Road Committee has mapped out the following route: Starting from Jamaica, riding through Valley Stream, Scaford, Babylon, Islip, and Sayville to Patchogue. On the re turn trip, after leaving Patchogue, the riders will pass through Islip, Amityville, Freeport, and Valley Stream to Jamaica. Prizes will be given to the clubs having the greatest number of survivors on the run.

Charles A. Lawrence.-To ride to Patchogue starting from Brooklyn, follow the Eastern Parkway to Glenmore avenue and go direct to Jamaica; then ride to Pearsall's and direct through Rockville Centre, Millburn, Freeport, Merrick, and Bellmore to Ridgewood; continue on to Scaford, and then to Massapequa, Amity ville, Babyion, Bayshore, Islip, East Islip, and South Side Club to Oakdale; from this point keep on the side path to Sayville and follow the road on the right to Bayport; follow Bayport avenue to the railroad crossing; then turn to the right and take the main road direct to Patchogue. The distance is about fifty-six miles.

Chief Consul S. A. Boyle of the Pennsylvania Division of the L. A. W. notified President Potter yesterday that the Pennsylvania Raliforad has decided to carry bloycles as regular baggage on all its lines. Potter declares that this is a great concession, which indicates that all the row stronghout the country will in time adopt similar rules.

C. B. C.—To ride to Boston, passing through Long Island, take the route around Long Island as far as Greenport which was published in THE SUN on March 4. From Greenport take the boat to New London, Conn.; leaving New London, cross the Thames to Groton and go direct via Pequonock and Mystic Bridge to Stonington; then ride to Wequelequock and direct to Westerly, R. I.; continue through Potter's Hill, Ashway, Hopkinson City, and Woodville to Shamreck; from this point go to Kingston station, Slocumville, Bellville, and direct through Wickford to East Greenwich and Stonington; leaving the latter place, go to Apanaug and through Pawturet to Providence; from Providence ride to Pawtucket and turn to the left through Lebanon to East Attleboro; then go to Manafield and direct to East Foxboro, Massapoay Pond, Cobb's Tavern, South Canton, Ponkapoag Village, and Blue Hill to Mattapau; from this point ride direct to Boston.

morning in the first of a series of matches for the amateur court tennis championship three straight sets, 6—3, 6—3, 6—1.

Though Stockton was not up to form, he easily outclassed his opponent. The light was poor and variable, and this may account for his poor judgment of distances on the floor. His service, however, proved a stumbling block to the New Yorker, and his placing was much superior to Thomson's. There were a few good rallies and few hard games. There were only five vantage games in the three sets. One point only was scored in the declars. B. S. de Garmendia of the New York Racquet and Tennis Club was referee and Tom Pettit did the marking. G. R. Fearing, Jr., and B. S. de Garmendia will play the second match to-morrow.

E. Weinacht and Dr. D. Tenny, the clever hand tennis team of the New York A. C., won the doubles championship of the club yesterday afternoon. Their opponents in the match were E. Elisworth and W. R. Bassett. A fine contest resulted, the conditions for the round calling for a rubber of best three in five games. Each pair

a rubber of best three in five games. Each pair had shown splendid form right through the long tournament, and their decisive meeting aroused great interest among the members.

Weinacht and partner ran away to fifteen in the first game before the others broke the ice, but Elisworth and Bassett made up their leaway rapidly and got to nineteen before the Weinacht team won the game. The same pair took the next game by a wide margin, but failed to make the score three straight. Elisworth and Bassett put up a stiff fight and landed the third game by two accs. Weinacht and Tenny retorted by taking the fourth game and the rubber. Summary:

RAIN A RELIEF TO TRAINERS. Work at the Tracks as Lively as Ever-Citf-

The rain yesterday was a welcome relief to trainers at the local tracks, as not only was the dust becoming intolerable, but the grass was assuming a very seedy appearance. About 5:30 o'clock in the morning a good steady downpour made the prospects for real business dubious but in an hour or so its strength became suffi ciently spent to permit a number of strings to indulge in their work without wetting a hair.

At Morris Park J. W. Rogers was one of the first to take advantage of a quiet spell in the weather and had out his older division, including Clifford and Rhodomond. Clifford received light work, as his shrewd trainer fully realizes that if he is again to face the starter he

only light work, as his shrewd trainer fully realizes that if he is again to face the starter he must be handled in the most gingerly manner. In speaking of the prospects of Clifford Rogers said:

"His owner intended to retire him to the stud this year, as many breeders had expressed a desire to secure his services. When it came to business, however, no one was willing to pay for him what he was really worth, and the majority made such ridiculous propositions that it was decided he should receive another chance to add to his laurels. Whether he will stand another preparation remains to be seen. Last year, he gave way in his suspensory ligaments, which is a very serious trouble with an old horse. It is not like a young one, whose bones and sinews are not set and are more pliable."

J.J. McCafferty worked his third set about 8 o'clock. The horses were: Clockwork, with McCafferty up: Henchman, the half brother to Dr. Shepard; Marget and Saratoga. The quartet breezed a quarter down the horestretch in 27 seconds. Jack Joyner, after giving a good healthy gailop to his older brigade, including Brandywine, Harlet, Swamp Angel, and Ludwigshafen had out Eakins and Leedsville and the two-year-olds Duke of Durham, Philip, Town Topics, Frohman, Julians, Sanger, and Hermann the Great, who were sent along at half speed. They were followed by Masterful, the Knight of Elierslie colt., Ballister, Demagogue, Stone Fence, Great Bend, Brandywine's brother, and the Dipper, a square-made youngster by Prestonpans. The Dipper and Great Bend, After their work of the previous day, were not asked to extend themselves, but their companions were put through the mill and covered three furlongs in 42 seconds.

Walter Rollins had his old string, including Sir Walter, out first. Last year's Brooklyn hero, after cantering, was sent a half in 56 seconds, and Decrslayer received a good sweating gallop with Agitator, Beldemere, and Rubicon. The latter galloped by himself, while his two companions cantered. The three handicap candidates, Belmar, The Winner, and Howard Mann, were brought out later. The trio were sent in Indian file, and covered half a mile in 56 seconds.

sent in Indian file, and covered half a mile in 56 seconds.

At Gravesend a fair amount of work was done before the track became really soft. Frank McCabe was out bright and early with the two-year-olds in P. J. Dwyer's string. Half a dozen of the youngsters were sent along in couples over a quarter of a mile on the back stretch. Those that worked were Commercial Traveller and Handball, Miss Miriam and Longiane, and Hairpin and Edgmere. They reeled off their quarters in the neighborhood of 28 seconds. Handspring, after cantering, was sent half a mile at three-quarters speed. Of the aspirants in M. F. Dwyer's interests the two Herris-Brush and Edgr—were content with trotting and cantering. Cleophus, Harry Reed, Counsellor Howe, and Harrington were asked to traveithree-quarters of a mile, which they did in 1:30. Henry Harris had J. E. McDonald's Intermission, Central Trust, and Mills engaged in useful work. After cantering the trio skipped three furlongs in 42 seconds.

The former went a mile at half speed, and Sun Up was sent five furlongs in 1:10. Sleepy Ike, who received his ...me on account of his indolent disposition and then became one of the craxiest animals on the track, covered a quarter, in company with Tillie W., in 29 seconds. George Covington brought out The Swain and the four two-year-olds in his charge. The former, after cantering, was sent half a mile at three-quarter speed, while the youngsters were breezed a quarter in 30 seconds. W. Lakeland had hornpipe and the rest of his lot on the road, and falled to put in an appearance at the track.

Cups for Winning Oursmen

A meeting of the Harlem Regatta Committee was held last night at the Hotel Mariborough. Chairman James Pilkington presided, and the reports of the various committees were heard. The report which attracted the most attention was that of the committee on Hanners and Prizes, consisting of H. W. Walters, S. T. Mahony, and Thomas F. Heffernan. It
is their desire to make a new departure from
the regulation banner which is the custom
of presenting to the clubs from which the valning competitors hall. They therefore presented
three different sizes of three-handled aliver loving
cups for the inspection of the committee, and they
aclected the larger of the three as the standard cup to
be presented to the winning clubs instead of the
banner. They also produced a very neat design of a
gold medal to be presented to each member of a winning crew and each sculier in a winning race. It likewise met with the approval of the committee and
both were adopted as the trophics for this year.
Thomas F. Heffernan, Fred Vilmar, and W. H. Pinkney were appointed a committee on transportation.
The next meeting of the Hariem Regatta Association
will be held on Monday evening, April 26, at the

BASEBALL. Rain Frevents Outdoor Practice by the New

LAKEWOOD, April 5.-Rainy weather is not very conductive to ball playing, especially out of doors, so the players of the New York ball team had to content themselves with work in the gymnasium and bowling alley, and otherwise keeping their muscles and joints in condition. keeping their muscles and joints in condition. The heavy rainfall of last night and this morning had thoroughly saturated the grounds, although the sandy soil enabled the water to drain off so quickly that the men could have used the diamond this afternoon if necessary, but the elements above still had a threatening aspect, and Capt. Joyce decided to take no risks, and so the men had an afternoon is rest.

To-morrow afternoon the youngsters will enceavor to redeem some of the runs they gave up last week to the regulars, and the game should prove exciting.

New Yorks' Exhibition Cames.

The New York ball team will return from Lakewood on Thursday, where the men have done some satisfactory training under Manager Joyce. On Friday they will practice for the first time at the Polo grounds, and on Saturday first time at the Polo grounds, and on Saturday they will open the local exhibition season with the Yale University team, instead of with the time-honored Jaspers of Manhattan College.

Next week the New Yorks will play a game every day, with one exception, on the Polo Grounds, with the following teams: Fortham College, on Monday; Newarks, on Tuesday; Princeton University, on Wednesday; Newarks, at Newark, on Thursday; Syracuse, on Friday and Saturday. On April 18 and 20 they will play Elizabeth and Manhattan College also on the local grounds. These games are expected to put the men in excellent trim for the opening championship game at Philadelphia.

YACHTING NOTES OF INTEREST.

Alfred Carr of the steamer Llewellyn has been appointed Fleet Captain of the Columbia Yacht Club.

No less than sixteen fifteen-footers are being built for the Yale-Corinthian Yacht clubs' new half-rater class.

The council of the Yacht Racing Union of Long Island Sound will hold a meeting at 19 East Twenty-second street on April 12. Frierick Gallatin's steam yacht Almy, which was abroad last year, is fitting out at South irooklyn in charge of Capt. William A. Brickey, She will ship her crew on Friday.

The new twenty-footer which is being built at Ogdensburg, N. Y., for Commodors H. C. House and Colgate Hoyt of the Seawanhaka-Corinthian Yacht Club will be named Shark. The Seawanhaka-Corinthian Yacht Club will hold a neeting at their city club house this evening, when a number of amendments to their racing rules, to make them conform to those of the Yacht Racing Union, will be voted

Mrs. Mary Lewis's steam yacht Stranger is also fitting out for an Eastern cruise in charge of Capt. Nicholas Daud and Chief Engineer Bonning. The famous pilot boat Mary Taylor. designed by Steers, was named in honor of the Stranger's fair owner.

Commodore J. Piercont Morgan's Corsir, the new flagship of the New York Yacht Cluo, is being overhauled at Tebo's in charge of Capt. Balley, while ex-Commodore Elbridge T. Gerry's steam yacht Electra is having her top sides ecaled and painted.

Ex-Commodore W. G. Newman of the Knickerbocker Yacht Club is having a knockabout boat built at Toune's yard. College Point. She will be 21 feet on the water line. 29 feet over all, and 12 feet beam. Yachtsman Eherabacker of the same club has also ordered a boat of this type.

ordered a boat of this type.

A new steam yacht is being built for Capt.

J. J. Merritt of the Merritt Wrecking Company at Brown's yard at Tottenville, S. J.

The yacht when completed will be 96 feet over
all, 85\_feet water line, and 16 feet beam. It
will be schooner rigged and will draw seven
feet of water. The yacht will sail under the
colors of the Knickerbocker Yacht Club. The
interior of the yacht will be finished in white
and red mahogany, and it will be put in commission on May 30.

In addition to the three wants-footers which

In addition to the three twenty-footers which the Montauk Construction Company are build-ng at the foot of Fifty-fifth street. Bay Ridge, from Charles Olmstead's design and already fescribed in THE SUN, the firm is also building described in THE SUN, the firm is also building two knockabouts from the same designer's lines. The first of these is a twenty-five foot water-line boat for a French yachtsman of the name of D'Bexidon. This boat is of the centre-board type, forty feet over all, 11 feet beam, 4½ feet draught, and will have 5 feet 11 inches head from in the cabin. The other boat is a twenty-one foot knockabout for a well-known New York yachtsman. It, is a keel boat 32 feet 0 inches over all, 8 feet beam, 6 feet draught, and will have 5 feet 7 inches head room.

Royal Phelos Carroll, it is said, will put the

and will have 5 feet 7 inches head room.

Royal Phelps Carroll, it is said, will put the Navahoe in commission again this year. If this is true yachtamen will probably have a chance to see a race between her and the Vigilant unless Mr. Chubb should cut down the latter's rig or the Navahoe come out as a rawl, as it is rumored she will. The Navahoe, though Isunched in the same year as the Vigilant. Colonia. Pilgrim, and Jubilec, never raced against any of the above for the reason that she went abroad as goon as completed, and when she returned here none of the others when she returned here none of the others were in commission. The Navshoe, in suite of her ill success abroad, is a fast boat, and under American conditions would probably make the Vigilant put her best foot forward

Yacht Racing at Cannes,

CANNES. April 5 .- The large raters, Allsa and Britannia, sailed a race to-day over a ten-mile triangular course, three times round, for a prize of 5,000 france, the Britannia withing by a minute and a quarter. The weather was fine, and the wind light from the southeast.

Yachts at City Island.

CITY ISLAND, April 5 .- A little activity was shown in the half dozen shipyards here last week. Piepgrass, on whom mostly all the workmen on the island rely. has turned out nothing new this year, but last week he put an extra dozen men at work on Clifford Brokaw's forty-footer Uvira making her cabin shorter. Brokaw's forty-footer uvira making ner causa shorter, stepping a new mast, and giving a new boom to her. Honry Doscher, Commodore of the New Rochelle Yacht Club, is getting the Banshee into great shape. The forty-foot flagship will have white pine decks. new rails and bulkheads, and get a general overhaul-ing. She will go into commission the first week in

ing. She will go into commission the first week in May.

T. J. Hyrne's Nomad. a 75-foot steamer, is having a new keel built, is being generally overhanied, and will have a now engine. F. L. Camp's Victor Roy will go overboard some day this week. J. D. Barrett's achooner yacht Ingonar is being newly painted. Among other yachts in Pieparaes's are J. Monough's Jessites. G. Work's Katrina, Porter's Circe, C. H. Townsend's Ro-peep, the rater Hera, and S. H. Mason's Meccasin, all of which are ready to be overhauled and will go into commission the first week in June.

hauted and will go into commission the first week in June.
In Wood's yard the new finked boat, designed by Gardner for F. M. Hoyt, is well under way and will be launched this week. She will be called Sycs. She is 50 feet o inches draught and 12 feet 6 inches extreme beam. She has just been painted black, refleved by gold edging. F. M. Hoyt has sold his 35 footer Norota to E. hurnham of Newport. The yacht is to be brought here and changed to suit the new owner. H. Hitchcock of New Haven has ordered a Tukedo skiplack. The boat will be 20 feet over all, built of cealar and pine, with mahogany trimmings and uncapsisable.

and pine, with manogasy triminings and uncapsis-able. Hyles has thirty yachts in his yard, among which are Fred Alden's Tiper, Simonson's Aura, which will have a fin keel; Kingsley's Gladys, Smith's Pilgrim, Waterman's Pawnee, and Saxon's Moys. Archie Rob-inson has about fifty sanhs in his yard, all of which will, according to Riss Hobinson, go into commission about May 80 or the first week in June. All are to be generally overhauled. At Hawkins's yard are the Amorits, Bedouin, Vindez, Winons, Active, Priscilla, and Colonia, the latter's keel being repaired. The others are to be overhauled.

Yale May Row the University of Wisconsin. New Haven, April 5,-The Yele navy has answered the challenge of the University of Wisconsin crew, and announced that the chal-lenge will be accepted provided Yale's condi-tions are allowed. Yale proposed to have both the Yale freshmen and variety enter the race, to have it take place in the New Haven harbor, and that the time be about May 30. It is thought that the race will be arranged.

rescent Bicycles

NEVER FOUND WANTING The almost unanimous testimony

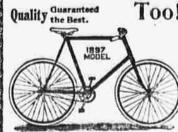

of repair men is that Crescents are in the repair shop less than any other make, although Crescents in use outnumber any other bicycle two to one.

Making the best possible bicycles at fair, fixed prices, has caused the wenderful popularity of Crescents. 70,000 of them sold in 1896. We want to sell you one in 1897.

Crescent quality and Crescent beauty at Cres-cent prices should make you and your friends Crescent riders.
